

Appending Worksheets in an External Workbook

© Skillwave Training

1

Append Data From External Workbooks

Method:

Get Data → From Excel Workbook
Select the workbook's folder icon → Edit
Filter to one "Kind" of content
Expand the [Data] column

Content we can access:

Workbook Part	Name	Content
Table	Table's name	Table
Named Range	Named range's name	DefinedName
Worksheet	Worksheet's name	Worksheet
